

MCFN Community Trust Trustee Application

The MCFN Community Trust ("Trust") has developed an application and election process for the appointment of Trustee(s) to the Trust.

The Trustees feel it is important to have a diverse Trustee group that is representative of the entire community. Being a good person, team player and having strong moral values are essential to being an effective Trustee.

Trustees will be required to meet regularly to address the requirements of the Trust. It is anticipated that meetings will be on a quarterly basis, however may be more frequent if required.

Some of the main roles and responsibilities for a Trustee are to: understand the Trust in its entirety, be willing to undertake required training as provided, maintain confidentiality and exercise discretion, cooperatively work with the other Trustees, assist in the development of an annual allocation plan, review and analyze proposals for funding community projects, land acquisitions and infrastructure for the benefit of the community, and to act objectively for the benefit of the entire beneficiary group at all times.

Being elected as a Trustee for the Trust will be a rewarding and an educational experience.

Should you have any questions regarding this process or would like more information, please contact any one of the Trustees:
